"F.Logic's Intellectual Property Management improved our ability to investigate and track intellectual property (IP). The system's user-friendly architecture and built-in logic facilitates high-volume rights management. It provides a stable platform for measuring IP financial performance and maximizing product distribution."

Maia Neumann, Rights Manager, Scholastic Inc.

"F.Logic has been a great partner with MTI. I am very happy to be moving forward with their Contract Management solution, which will improve our efficiency and effectiveness in administering royalties, advances and guarantees, and all financial aspects of our representation agreements."

Pete Gerstheimer, Chief Financial Officer, MTI
